Question 15:

The well covered under Permit 42191 will be used as a "Back-up" well for the Bently Science Park water system. It will be equipped with standby power should a power system failure occur that affects the other wells connected to the system (Permits 47608, 47609 and 51330). Bently Science Park is a large industrial project approved by Douglas County and a copy of the master plan for the project is on file in the Division of Water Resources records. Use map filed under 42190 to support this Application.
